### Operation Christmas Child

Thank you for all the lovely gift boxes filled with presents for those children less fortunate than our own. Operation Christmas Child were delighted by the generosity and kindness shown by everyone.

### Arrival at School

On wet mornings children must enter school via the rear classroom doors, there is no need for children to wait outside. Please take extra care on the steps.

Should the weather become colder and the hill become dangerous to walk up please use the back entrance, down the side of the school near the infant classroom.

### Sponsored Spellathon

Please refer to the letter and spellings for your child.
